SaskTel Wireless Fair Use Policy

Description

The SaskTel Wireless Fair Use Policy is in place to explain any limits associated with wireless services (voice, text, or data) purchased on an unlimited basis, and to enable SaskTel to manage data consumption while customers are using our network within Saskatchewan and while roaming on another carrier's network.

Terms and Conditions

The SaskTel Wireless Fair Use Policy is subject to change from time to time in order to maintain an ongoing positive experience for all customers on SaskTel's Wireless Network as well as on the networks of other carriers with whom SaskTel has roaming agreements.
